

EVERGREEN EVER GROWING PARENT LEARNING OPPORTUNITIES

Transition Beyond High School for Children with Disabilities

Evergreen Catholic School Division is hosting an open house to provide families with information and resources about Transitions Beyond High School for students with disabilities.

Caregivers will learn the importance of Family Support for Children with Disabilities (FSCD) service agreements and why families should use the service so support continues beyond school years, such as PDD.

Families will also receive a resource binder with a transitional planning checklist to guide caregivers through the transition from childhood (Children's Services) to adulthood (Adult Services).
