

School Parking Lot

The traffic around our school is often an issue both before and after school. Please adhere to the following reminders to ensure that you are following the correct procedures in dropping off and picking up your child. If everyone follows these guidelines, we can be more assured of a safe environment for all students.

1. No parking or stopping on Weston Drive between the buses and our entrance.
2. Come to a complete stop at the crosswalk and pay close attention to the patrols. They are stationed there for our children's safety.
3. The entrance to the staff parking area is a crosswalk as well. Please look out for students.
4. You may park around the inner circle in the turn around.
5. Absolutely no parking on the outside edge of the turn around. This includes the curb in front of the school and as well as the curb in front of the neighbourhood mailboxes. This area is meant strictly for pick-ups and drop offs. Vehicles should not be parked and left unattended. When that happens students are forced to walk between vehicles to get to their parents' cars which is extremely dangerous.
6. No stopping in the middle of the turn around.
7. Drive slowly!
8. The yellow curb means that no parking is permitted.
9. If you need to park and there are no more spots in our visitors' lot, please use the neighbourhood. A walk is involved but safety comes first.

We know that if we have everyone cooperating with these guidelines, we will have a safer environment for our children. If you have any questions or concerns, please do not hesitate to contact the school.

St. Joseph School would like your help in keeping our parking lot safe for our children.

Please follow the parking map provided.

Extra parking is available along the residential neighborhood. We realize this may mean a walk, but the safety of our children comes first. Thank you for your understanding and cooperation.
